

ECX™

ECX Release 2.4

Third Party Software Information

The accompanying program and the related media, documentation and materials (“Software”) are protected by copyright law and international treaties. Unauthorized reproduction or distribution of the Software, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under the law.

Copyright (c) Catalogic Software, Inc., 2016. All rights reserved.

The Software contains proprietary and confidential material, and is only for use by the lessees of the ECX proprietary software system. The Software may not be reproduced in whole or in part, in any form, except with written permission from Catalogic Software, Inc.

The Software is provided under the accompanying Software License Agreement (“SLA”)

ECX is a registered trademark of Catalogic Software, Inc. All other third-party brand names and product names used in this documentation are trade names, service marks, trademarks, or registered trademarks of their respective owners.

The Software is a proprietary product of Catalogic Software, Inc., but incorporates certain third-party components that are subject to separate licenses and/or notice requirements. (Note, however, that while these separate licenses cover the corresponding third-party components, they do not modify or form any part of Catalogic Software’s SLA.) Links to third-party license agreements referenced in this product are listed below.

Third Party Software or Application	License or Agreement	Reference to License or Agreement
Activation.jar	Oracle Binary Code License Agreement	http://www.oracle.com/technetwork/java/javase/terms/license/index.html

ECX™

Additional Notes:

1. This product uses **CentOS**, an Enterprise-class Linux Distribution derived from sources freely provided to the public by a prominent North American Enterprise Linux vendor. <http://www.centos.org/legal>
2. This product uses **NetApp Manageability SDK** and **NetApp SNMP MIB** which are distributed under their respective End User License Agreements at the time of downloading.
